For indoor applications | IP 20 | CRI 75 | Warranty: **2 years**

Form depth: **30 - 100 mm**

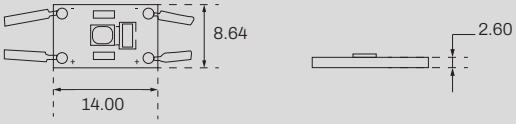

LED module

SV-3

SV-3 is a compact LED module with three SMD LEDs, designed to illuminate shallow signs and advertising forms. Thanks to its innovative design, which allows it to shine in three directions - sideways and forward - it provides even and effective illumination of the entire advertising surface.

Scale 1:1

Three directions of light

Unique design with three SMD LEDs disperses light to the sides and front, providing full light coverage of the advertising form and eliminating dark spots.

Ideal for shallow advertising forms

Dedicated to shallow sign applications where even illumination with limited design depth is crucial.

Compact and versatile

The module's small size allows for easy installation in custom and hard-to-reach locations, making the SV-3 ideal for creative projects.

Technical specifications

Packing: 165 (1 x 165)

Model	Product code	LED type	Voltage	Power	Colour temp.	Beam angle	Luminous flux	Module spacing	Max pcs/ chain
SV-3	01-001-052-01-03-1	2835 SMD + 2 x 3014 SMD	12 V DC	0.3 W	10000-11000 K	120° x 180°	30 lm	22 mm	≤165
SV-3	01-001-052-03-03-1	2835 SMD + 2 x 3014 SMD	12 V DC	0.3 W	6000-6500 K	120° x 180°	30 lm	22 mm	≤165
