Digital LED strip

IP 65 | **Dimmable** | Lifespan: **30 000 h** | Warranty: **3 years**

LED Strip **RGB IC**

Flex WP RGB IC

The Flex RGB IC WP LED strip is a digital, flexible, and waterproof solution for impressive lighting installations. Thanks to RGB IC technology, it enables dynamic animations and individual color control. The built-in **3-in-1 LEDs** provide a full range of colors, and **each LED can be programmed independently**, offering even greater possibilities for lighting effects. The IP65 protection rating ensures resistance to moisture, while the 8 mm width, 60 LEDs/m density, and 12V DC power supply make the strip ideal for both indoor and outdoor applications.

8 mm

Technical parameters

Model	Product code	LED type/m	Voltage	Power/m	CRI	Beam angle	Colour temp.	Luminous flux	Width	Cutting section	Length (m/roll)
FLEX WP IC	01-002-092-08-65-01	60 x 3535 SMD	12 V DC	6.48 W	-	120°	RGB	-	8 mm	60 mm	5 m

Operating temp.: **-20~60°C**

Storage temp.: **-20~70°C**
