Neon Flex Series

Bending: Vertical

Lifespan: **30 000 h**

IP 67

CRI 90

Warranty: **5 years**

Neon Flex

Liner-H

Next-generation Neon Flex with a horizontal bending line, ideal for creating smooth shapes and contours on a fyears plane. It delivers a seamless line of light, high color quality (CRI 90), and flexible instalyearsion. One-sided power supply up to 30 meters and a robust construction make it the new standard in flexible lighting.

One-sided power supply up to 30 meters

Reducing the number of wires and power points simplifies instalyearsion, shortens setup time, and lowers the risk of malfunctions during operation.

Seamless light line without visible points

A uniform, smooth line of light without breaks or shadows works perfectly for backlighting graphics, signs, and decorative elements.

CRI 90 – full color consistency

A high color rendering index ensures faithful color reproduction, which is crucial for displaying logos and promotional materials.

Product code:	Colour temp.:	Luminous flux:	LED diodes:	Voltage:	Power/m:	Beam angle:	Dimen-sions:	Cutting section:	Bending radius:	Length (m/roll):
01-002-074-04-67-30	4000 K	300 lm	120x2835SMD	24 V DC	6 W	120°	16x16 mm	50 mm	> 8 cm	30 m

Housing color: **white**

Light emission direction: **front**

Operating temperature: **-20 to 50°C**

Maximum power supply length: **30 m**

Dimmable capability
