Light Systems Group

Material: **aluminium** | Availability: **In stock** | Warranty: **3 years**

Lighting track-rails

Three-phase track

A flexible and versatile lighting solution, ideal for a variety of usable spaces. Guarantees simple installation, a wide range of accessories and thus easy adaptation and expansion of the system.

Simple installation

Our lighting track light system is designed for easy and intuitive installation. Reliable connectors ensure quick and simple setup without the need for specialized tools.

Easily expandable

The availability of additional components in the form of a wide range of accessories ensures that the track light system can be easily expanded and adapted to any space.

Wide range of applications

Our track light systems offer a wide range of design possibilities and flexible applications in various environments such as retail spaces, department stores, public buildings, restaurants, airports, and offices.

Model	Product code	Material	Length	Colour
